Recreational boating and fishing have traditionally been one of the absolute indulgences of locals and visitors alike throughout Far North Queensland. The temptation of wetting a line for the keen angler or novice fisherman has only been enhanced since COVID 19, with enthusiasts foregoing overseas and domestic travel to enjoy the natural beauty of our idyllic northern coastline.

For those entrepreneurs wishing to reap the benefits of such booming leisure activities, a long-established business with an enviable reputation has been offered to the market for the first time in 21 years. Boasting multiple Motor, Boat and Trailer Dealerships and a fully equipped Marine Workshop, the Tinnie Shack at pristine Mission Beach has proven to be the market leader on the Cassowary Coast and surrounds. The recent re-opening of the now upgraded Clump Point boat ramp, breakwater, car park and amenities block is a shot in the arm for the district and provides unprecedented growth potential to The Tinnie Shack's operations.

Rarely do such diverse, niche market business opportunities in such a sought after location arise. Strategically located between the major coastal cities of Cairns and Townsville, Mission Beach is a well-established community with strong residential growth, and with the construction of the town centre revitalisation program, it will continue to be a popular tourism
