Plantation Drive is a cul-de-sac street only a few kilometers from Bingil Bay's beachfront, where only a select few property owners share this special location. You won't see too many homes along the street front, they are all tucked away in privacy as this impressive property is.

Enter a well maintained driveway that gentle winds through the rainforest before opening up to a cleared area. Here you'll find your new home that was renovated approximately 3 years ago so there's nothing for you to do but move in and enjoy.

The lap fresh water pool has just been installed, there's a separate lock up garage with carport extension to house your boat, camper van and any other exploration toys you may wish to bring. Solar has been added on the roof and the block has been excavated to ensure there are plenty of level areas to explore. Shrubs, fruit trees and herbs have been freshly planted which won't take long to grow so your paradise will be complete!

Inspections welcome by appointment - You won't want to leave ! The sellers have the renovation bug and will soon be moving into their new local abode and have priced the property well. Be quick for this one !
